

Ski & Snow COVID Guidelines

- 1. Masks are not required as our competition is outdoors.**
- 2. Athletes will sign the 2020 Virginia Commonwealth Games COVID Questionnaire**
- 3. We will require our athletes to maintain appropriate social distancing while competing.**
- 4. Spectators will be asked to also maintain social distancing unless they are family.**
- 5. Snowflex will not be providing water coolers, and athletes are asked to bring their own drinking bottles/containers clearly labeled with their name.**
- 6. Athletes are asked to use their own equipment, but rentals are available through Snowflex.**

We realize that these restrictions are not normal for us, but we must follow these rules in order to run the event. As always, our main concern is the health and safety of our players and their families.
