

## Basketball Clinic Q & A

- What do I wear? Comfortable clothing like t-shirt, gym shorts and tennis shoes.
- Do I need to bring a basketball or water bottle? You do not need to bring a basketball; they will be provided. There are water fountains in the gym, but if you can, bring a water bottle if you prefer.
- Are families allowed to stay at the clinic? There will be limited room in the area, but some bleacher seats will be available to guests.
- What food will be provided, and will there be accommodation for any allergies? Lunch will include pepperoni and cheese pizza, chips, fruit, bottled water and cookies. Unfortunately, we will not be able to accommodate all allergies and encourage you to provide your own lunch if there are food sensitivities.
- Where is the drop off and pick up location? Drop off & Pick Up is at the external doors of the Multipurpose Center, in the Evans parking lot across from the IPF and Baseball Stadium. There will be volunteers at both times to help identify the area.

- Are certain skills or physical abilities needed to attend? This is a skill building and learning clinic, so no skills are required. During the event, groups will be broken into various categories including age/skill levels.

- Is there a number to call if something came up and were late picking up our child? Call Event Coordinator – Diane Williams, 540-798-6982
- Can another parent or friend pick up my child? Yes, if information is provided on registration.
- Is any transportation provided? No
- Will there be a waiting list? Yes
